## VR TOURVIEWER FOR OCULUS GO & GEAR VR CUSTOMIZED VERSION / WHITE LABEL

This form and the specified files can be sent via email or WeTransfer to: [info@vrtourviewer.com](mailto:info@vrtourviewer.com)

**This version will be visible in Oculus Home of the licensed devices.** By default this version uses the 'Storage' section, for offline usage. The top menu of the VR Tourviewer won't be visible then. Online access can be chosen as option. Licenses for two VR devices are included.

**Business name:** .....  
**Contact:** .....  
**Full address:** .....

**VAT number:** .....

### Options:

Application name: .....  
Auto start tour: YES / NO  
Auto start filename (\*.xml) .....  
Disable menu: YES / NO (only applicable when auto starting a tour)  
Custom panorama for menu: YES / NO  
Online access: YES (+ € 200) / NO  
Hotspot colour (RGB): .....  
Hotspot text colour (RGB): .....

### Online Access:

With online access you will be able to control which online tours will be available in your app with a simple XML file on your server or external host.

### Graphics files:

For the custom graphics of your white label version, you can [download examples/templates here](#).

The following files are needed to build the VR app: Custom-splash.jpg and Custom-menu-pano.jpg backgrounds (if you use them). All other files are used for the Oculus Home/Library appearance of your app and can be provided later.

### Licensed devices:

Please specify the serial numbers of the devices you want licenses for. You can find the serial numbers in the VR Tourviewer app, in the Settings menu (button with three horizontal lines).

## GRAPHICS FILES FOR WHITE LABEL SOFTWARE

Below an overview of the required and optional graphics files for a white label order.

Please make sure to use PNG format for all files, with the specified image dimensions and file names.

### For the VR application build:

Required:

- Splash screen, 2048x2048, PNG, filename: Custom-Splash.png

If a custom background panorama is used for the menu/gallery area:

For a monoscopic background (recommended for menu/gallery area):

- Panorama, equirectangular, 6144x3072, PNG, filename: Custom-Menu-Pano.png

For a stereoscopic background:

- Left eye panorama, equirectangular, 6144x3072, PNG, filename: Custom-Menu-Pano-L.png
- Right eye panorama, equirectangular, 6144x3072, PNG, filename: Custom-Menu-Pano-R.png

### For the Store appearance (only for Oculus Go/Gear VR):

Required:

- Logo, Min: 360x1440, Max: 9000x1440, PNG, filename: Custom-Store-Logo.png
- Icon, 512x515, PNG, filename: Custom-Store-Icon.png
- Cover art, landscape: 2560x1440, PNG, filename: Custom-Store-Cover-Landscape.png
- Screenshot, 2560x1440, PNG, filename: Custom-Store-Screenshot-01.png

Optional:

- Cover art, square: 1440x1440, PNG, filename: Custom-Store-Cover-Square.png
- Cover art, portrait: 1440x1440, PNG, filename: Custom-Store-Cover-Portrait.png
- VR Landscape: 1080x360, PNG, filename: Custom-Store-VR-Landscape.png
- Hero Art: 3000x900, PNG, filename: Custom-Store-Hero-Art.png
- Extra screenshots (4), 2560x1440, PNG, filename: Custom-Store-Screenshot-02.png etc.
- Cubemap, 12288x2048, PNG, filename: Custom-Store-Cubemap.png

### For the Remote version:

Required:

- Desktop/launch icon: 256x256, PNG, filename: Custom-Remote-Icon.png
- Start-up dialog image: 432x163, PNG, filename: Custom-Remote-Dialog.png
